

# Is Your School Prepared to Deal with the Unexpected? Gardiner Does It.

When the safety and security of your school are on the line, you need a partner you can trust. Gardiner's Fire & Security division is the most experienced team in Northern Ohio, delivering reliable solutions that protect your building, equipment, and critical data. We ensure your mission-critical operations are secure, giving you and parents peace of mind.

## Fire & Safety Solutions.

### Bi-Directional Amplifiers

Boost critical communication by expanding radio signal coverage, eliminating dead zones, and ensuring safety for faculty and first responders.

### Access Control

Maintain the safety of your facility by limiting access to authorized individuals, keeping your assets and personnel secure.

### Video Security

Leverage modern technology and our integration capability to secure and monitor your school buildings via CCTV.

### Fire Alarms

From design to installation and inspections, we cover all phases of alarming services to ensure your facility is fully protected.

### Fire Suppression

Safeguard high-value machinery and mission-critical spaces with our advanced fire suppression solutions.
