Robust Demand Response Response Program and Energy Efficiency Rebate Program Consultant - Put Dollars Back into Your Budget

In partnership with COSE and CPower Energy Management, the OSC offers a Demand Response (DR) program that can provide direct payments to your district each quarter. Each district can participate at its own level of curtailment and comfort with the program and is supported through the consultation of CPower energy experts.

OHIO SCHOOLS COUNCIL
PREFERRED PARTNER

Product/Services

- Demand Response Program for Test and Emergency Events
- Demand Response Program for Intermittent Peak Electricity Demand Periods
- Electricity Efficiency Rebate Program for Recent Energy Conservation Projects
- All programs are available to OSC members with no out-of-pocket costs.
- These programs have been quite successful with many OSC districts over the past five years.

How to learn more:

Contact Eric Paprocki at

Support

CPower Consultants will guide your district through the Demand Response Program to ensure success.

No-Cost

Through participation and compliance to the program parameters, OSC districts will receive an energy savings check quarterly from CPower.

Rebate Info

Pre-negotiated rebate rates available exclusively to OSC members. Contact CPower to evaluate your district's specific rebate potential opportunity.
