The Impact of 300 Members

Dear Members and Partners,

Welcome back to what we all hope will be another successful school year for students. I hope that you and your staff had a restful and renewing summer break.

As we close Fiscal Year 24 and begin the 2024-25 School Year, the Ohio Schools Council (OSC) wants to recommit itself to supporting you, your leadership team, professional and support staff, students, families and community. We are committed to providing you with organizational programming and support, and our partners and vendors are committed to providing the products and services that you need to most effectively and efficiently meet the needs of your community. We appreciate the opportunity to support you in your work!

I am pleased to share that the Ohio Schools Council has reached a significant milestone in the Fiscal Year 24—300 members. This achievement highlights the trust and value our districts place in the OSC's collaborative efforts and cost-saving programs.

A Journey of Collaboration and Growth

Since our founding in 1986, the OSC has been dedicated to providing cost-effective solutions to Ohio school districts. Through cooperative purchasing and shared services, our member districts have been able to leverage collective buying power, securing better prices on essential goods and services. Our programs, including natural gas and electricity purchasing, insurance solutions, professional networking, pre-bid contracts, and so much more have continually evolved to meet the changing needs of our members.

The Impact of 300 Members

The addition of our 300th member significantly strengthens our ability to negotiate better deals and offer more comprehensive services. In today's challenging economic climate, this collective strength is crucial in helping schools maximize their budgets without compromising the quality of education. Each new member enhances our capacity to provide exceptional value and support across Ohio's educational landscape.

A Vision for the Future

As we look ahead, the OSC remains committed to expanding our services and fostering even greater collaboration among Ohio's school districts. We are exploring new avenues for cost savings, such as broadening our pre-bid offerings and enhancing professional development and networking opportunities. Our goal is to continue evolving to meet the needs of our members while providing even greater value and support.

With a solid financial foundation and a focus on delivering cost-saving programs, the OSC is dedicated to helping districts maximize their budgets and reinvest savings into educational priorities. Our continued growth and innovation reflect our unwavering commitment to supporting the needs of our members.

Please contact me if there is anything that we can do to further your work on behalf of the students of Ohio.

Sincerely,
Dr. William Zelei

The Impact of 300 Members:

OSC DELIVERS MILLIONS IN ENERGY SAVINGS WHILE CHAMPIONING FAIR RATES AND LONG-TERM STABILITY FOR SCHOOLS

The OSC offers a **range of utility programs** designed to **drive down costs, stabilize pricing, and advocate for the best interests of its members**. Through initiatives like the Power4Schools (P4S) Electricity Program and long-standing Natural Gas program, OSC has enabled districts across northern Ohio to achieve substantial savings on their utility bills.

SIGNIFICANT SAVINGS

Since 2020, through the OSC partnership in the P4S Electricity program, districts have **saved an average of 45% per kWh, amounting to over \$52 million in electricity savings**. In this same period, districts in the OSC Natural Gas program have **saved an additional \$9.5 million**. These programs are designed to provide members with **long-term cost stability, flexibility and savings**.

ADVOCACY AND PROTECTIONS

In addition to **delivering significant cost reductions**, OSC's Utility Audits have **recovered more than \$925,000** in erroneous charges from First Energy's rates and tariffs since 2020. These ongoing audits ensure that districts are **protected from overcharges and receive refunds** where applicable, reinforcing OSC's commitment to safeguarding members' finances.

OSC is also dedicated to advocating for its members at the PUCO (Public Utilities Commission of Ohio) regulatory level. This year, the **OSC has committed \$75,000** to challenge proposed transportation rate and tariff increases from Dominion-Enbridge Gas Ohio. This continues our long-standing track record of **opposing unfair tariff and transportation rate hikes**. Last year **we dedicated \$75,000 to successfully challenge Columbia Gas of Ohio's unfair tariff and rate hikes at the PUCO**.

Our tough negotiating strategies have provided additional protections through our utility programs, **ensuring districts always get the best deal available**.

The Impact of 300 Members:

DYNAMIC NETWORK MEETINGS KEEP MEMBERS CONNECTED

The **OSC** offers **five distinct types of networking meetings** tailored for Food Service Supervisors, Transportation Supervisors, Maintenance Supervisors, Business Managers, and Safety and Security professionals. These meetings, with **attendance often surpassing 100 engaged professionals (in-person and virtual)**, have become even more impactful this year, fostering collaboration and knowledge-sharing among member districts. Each session covers critical legislative updates, compliance issues, and the latest information from the Ohio Department of Education and Workforce. Additionally, participants discuss best practices, emerging trends, and innovative solutions to common challenges in education. The topics are carefully selected by network participants and **further enhanced by a digital discussion board and shared drive**, ensuring that the content is both practical and valuable for all attendees.

We're seeing unprecedented growth.

OSC UTILITY PROGRAMS

Savings. Advocacy. Protective Covenants.

Savings: OSC's robust utility programming has saved districts an average of 45% per kWh on electricity bills, with electric savings exceeding \$52 million and natural gas savings totaling \$9.5 million since 2020. Additionally, over \$925,000 has been recovered through auditing First Energy's rates and tariffs.

Advocacy: Beyond savings, OSC actively challenges utility transportation rate hikes, committing \$75,000 this year to oppose Dominion-Enbridge Gas Ohio's proposed increases, demonstrating our commitment to protecting districts from unnecessary financial strain.

Protective Covenants: In a landscape of fluctuating rates, OSC's proactive interventions aim to shield districts from the financial impact of rate hikes, providing long-term stability and support that goes beyond just pricing.

The impact of 300 members...

As we move forward with a strong financial foundation and a dedication to delivering cost-saving programs, the Ohio Schools Council remains focused on empowering districts to maximize their budgets and reinvest savings into educational priorities. Our ongoing growth and innovation reflect an unwavering commitment to evolving with the needs of our members and driving continuous improvement in the services we provide.

2023-24 FINANCIALS

GENERAL FUND: ENDING CASH BALANCE

\$9,843,656

GENERAL FUND: REVENUE AND EXPENSES

AGENCY FUND: ENDING CASH BALANCE

\$3,513,485

AGENCY FUND: REVENUE AND EXPENSES

OSC GENERAL FUND:

In FY24, the OSC achieved significant savings while expanding leadership and strategic initiatives. Our focus on listening, collaboration, and program improvement, combined with daily district support, led to strong growth. OSC now serves 302 districts and educational institutions across 43 counties, adding 20 new members.

Thanks to input from Advisory Committees and member recommendations, we launched several new programs, including innovative HVAC solutions, single-ply roofing, equipment rental services, paving, and a pre-bid program for door, window, and security film solutions. We hosted multiple District Membership Review Meetings and expanded Networking Meetings, connecting over 500 business managers and supervisors across various sectors. Supported by the Ohio Department of Education and Workforce, these sessions encouraged best practices and solutions through both in-person and virtual formats.

OSC has saved districts an average of 45% per kWh on electricity, with over \$52 million in electric savings and \$9.5 million in natural gas savings since 2020. Additionally, OSC has recovered more than \$925,000 in erroneous charges through audits of First Energy's rates and tariffs since the program's inception. This year, we've committed \$75,000 to challenge proposed Dominion-Enbridge Gas Ohio rate increases, ensuring fair energy costs and long-term stability for our members.

Various rebate and revenue-sharing programs, such as the Home Depot Rebate, Demand Response, Cafeteria Essentials, Cell Phone Tower Revenue Sharing and Electricity Audit Programs, have delivered substantial returns, allowing districts to reinvest savings into their budgets. Together, these programs have provided \$283K in refunds to our districts this year, exemplifying our commitment to financial stewardship and the continuous support of our members.

In Fiscal Year 24, the OSC General Fund had Revenues of \$2,880,869 and Expenses of \$2,321,046. This resulted in a General Fund Year End Balance of \$9,843,656.

OSC AGENCY FUND:

In Fiscal Year 24 the OSC Agency Fund continued to handle the normal receipts and expenditures of the Natural Gas Program and Life Insurance Program. In FY 24, the Agency Fund had Revenues of \$20,322,579 and Expenditures of \$19,651,816.

STREAMLINING SCHOOL FACILITY UPGRADES: OSC EXPANDS PRE-NEGOTIATED CONSTRUCTION CONTRACTS TO SAVE DISTRICTS TIME AND MONEY

In response to Ohio's legislative efforts to improve school facilities, the Ohio Schools Council has taken proactive steps to streamline the procurement process for its members by expanding its portfolio of **pre-negotiated, state and federally-bid** construction contracts. These contracts cover a wide range of essential services, including **paving and concrete work, HVAC solutions, single-ply roofing, and doors/windows installations.**

By offering these pre-bid agreements, the OSC eliminates the need for school districts to navigate the often time-consuming and complex traditional bid process, resulting in **significant cost savings and compliance.** This streamlined approach not only reduces administrative burdens but also ensures that districts can access top-tier services at competitive, pre-negotiated rates, contributing to a **total savings of more than \$3 million on these contracts this year.**

BENJAMIN MARKO

Treasurer
Newton Falls Exempted
Village Schools

“

It has been a pleasure to work with OSC. The entire team is knowledgeable, friendly, and willing to tailor their offerings to each school district's unique needs. Whether you are interested in saving time, money, or both, OSC can help.

”

The Impact of 300 Members:

DEDICATION TO COST EFFICIENCY

TODD OSBORNE

Superintendent
Chippewa Local Schools

“

Using the expert guidance of OSC's Food Service Consulting Program, I was able to eliminate \$80,000 in debt from our Food Service Department and produce a \$25,000 positive balance in less than two years.

”

PARTNERSHIP HIGHLIGHTS: STRENGTHENING MEMBER SUPPORT

Central to the OSC's mission is its dedication to cost efficiency, **driven by the collective buying power of our over 300 member districts**. Our robust partnerships are integral to our service offerings, providing essential programs that save both time and money. **As our membership grows, so does our ability to secure even greater cost-saving solutions across a variety of programs**, including popular options like the **life insurance program, architectural services, school bus and van purchasing and so much more**.

BONEFISH SYSTEMS, LLC AUDITING SOFTWARE SAVES DISTRICTS \$395K

In Fiscal Year 24, our collaboration with the Ohio Association of School Business Officials (OASBO) and Bonefish Systems, LLC, has resulted in substantial savings. Through discounted rates on the **Complete Accounts Payable Monitoring Solution (formerly eVAS/ePAS)**, we've delivered **\$395,000 in savings** for over 350 districts. This solution streamlines vendor and payroll payment management, detects potential fraud, and ensures compliance, showcasing the power of our collective leverage.

The Impact of 300 Members:

A JOURNEY OF COLLABORATION AND GROWTH

AEPA NEARLY DOUBLES PRE-BID, COMPLIANT VENDOR ACCESS

Our partnership with the **Association of Educational Purchasing Agencies (AEPA)** provides access to competitively priced, compliant contracts while eliminating additional costs for architectural and consulting fees. This year, AEPA expanded their **vendor pool from 39 to 73**, offering districts more options and safeguarding them from non-compliant cooperatives that could pose audit risks and reputational damage.

The OSC is committed to enhancing our members' financial health through turn-key solutions. This year alone, we have **returned over \$269K** to districts through substantial rebates and refunds across various programs, such as the **Home Depot Rebate Program**, which offers savings on maintenance supplies, and our **Electricity Audit Program**, which has identified billing discrepancies to recover funds. Our **Cafeteria Essentials Food Rebate Program** has reduced costs on essential food purchases, and initiatives like the **Cell Phone Tower Revenue Sharing Program and robust Demand Response Rebate Program** have turned underutilized assets into reliable income streams for districts.

Looking ahead, our focus remains on **leveraging our collective buying power** and strategic partnerships to **save districts money** and help reinvest those savings into what matters most —**educating students and enhancing learning environments.**

CRAIG MCKENDRY

Treasurer
Barberton City Schools

“

We recently completed an agreement with OSC with no capital investment and potential for a great rebate through Arcadia Towers (OSC Cell Phone Tower Contract). This will provide the district an additional revenue stream at no cost to taxpayers. It's a great feeling knowing that OSC has already done the heavy lifting on so many projects and services that we already utilize on a daily basis.
